Example 1: WFSGRUN(96)(48)(12)(125)10 represents a Waveform™ Spline-G, Ceiling Unit, unfinished, standard length 96" and width 48", 12" depth, 1/8" thick GRG, 2" perimeter/side return, embedded metal hangers with no mounting hardware.

Example 2: WFSGVRUN(96)(48)(12)(250)21 represents a Waveform™ Spline-G, Wall Unit, unfinished, standard length 96" and width 48", 12" depth, 1/4" thick GRG, full perimeter/side return, with cutouts, embedded metal hangers with all suspension cables included.

KEY:

Product

WFSG – Waveform™ Spline-G

Style

S- Standard Ceiling Unit construction

Q- Standard Ceiling Unit construction with cutouts

U- Standard Wall Unit construction

V- Standard Wall Unit construction with cutouts

Material Type

R- Standard glass-reinforced gypsum (GRG)

D- Constrained layer GRG (GDG)

H- Honeycomb, GRG composite (GHG)

Finish

UN- unfinished

DIMENSIONS

Length- 96" standard height (48" also available)

Width- 48" standard width (only available)

Depth- 9", standard (4" also available)

Material Thickness 1

(125) – 1/8" thick, GRG only

(250)- 1/4" thick, GRG only

(375)- 3/8" thick, constrained layer GDG

(1.625)- 1-5/8" thick, Honeycomb GHG

(XXX)- Custom thickness, primary material

Sides

1- 2" Perimeter/Side return (standard ceiling unit)

2- Full return (standard wall unit)

Mounting/Hardware

0- No hardware. Embedded Metal Hangers for ceiling mount and embedded wood cleat for wall mount.

1- Complete suspension hardware - specify length of suspension and type of attachment needed at ceiling.

2- Wooden Wall Cleats
